

# Leaf Bio Laundry Detergent Sheet

Pre-dosed, water-soluble bio laundry detergent. One sheet, one wash.

Leaf compresses a full dose of biological laundry detergent into a thin, ultra-concentrated sheet. The sheet dissolves fully in water from 20 °C, releasing detergent and stain-removing enzymes with no measuring, no pouring and no plastic packaging. The bio formulation targets protein, starch and grease-based stains even on low-temperature cycles, and the format is up to 16× lighter than powder, liquid or pods — cutting transport, storage and shelf-space requirements across the supply chain.

## Pre-dosed

1 sheet = 1 wash. No measuring, no over- or under-dosing, no spills.

## Enzyme stain removal

Biological enzymes break down protein, starch and grease-based stains.

## No microplastics

Free from microplastics; the water-soluble carrier fully dissolves in the wash.

## Plastic-free packaging

100% plastic-free cardboard packaging, recyclable once empty.

## Up to 16× lighter

Lighter and smaller than powder, liquid and pods — less freight, less storage.

## Low-temperature wash

Dissolves fully from 20 °C to 90 °C; enzymes effective on cool cycles.

## HOW IT WORKS

**1**

### Sheet in the drum

Place one sheet at the bottom of the drum, then load laundry.

**2**

### Wash 20–90 °C

Run any cycle. The sheet dissolves fully as water enters the drum.

**3**

### No residue

Clean laundry with no plastic residue from pods or gels.

## DOSAGE

| APPLICATION                 | SOILING        | DOSE      |
|-----------------------------|----------------|-----------|
| Machine wash, standard load | Light – heavy  | 1 sheet   |
| Hand wash (bowl / basin)    | Light – normal | 1/2 sheet |

## FORMAT COMPARISON

|                                     | LEAF SHEET | PODS | POWDER | LIQUID |
|-------------------------------------|------------|------|--------|--------|
| Pre-dosed, no measuring             | ✓          | ✓    | —      | —      |
| Plastic-free packaging              | ✓          | —    | —      | —      |
| No leak / spill risk in transit     | ✓          | —    | —      | —      |
| Suitable for hand wash              | ✓          | —    | —      | ✓      |
| Compact storage (up to 16× lighter) | ✓          | —    | —      | —      |

## SUSTAINABILITY

100% plastic-free packaging — cardboard replaces single-use plastic bottles and tubs.

Up to 16× lighter than traditional formats, reducing CO<sub>2</sub> from transport and storage.

Vegan and cruelty-free.

Free from microplastics and unnecessary chemicals.

Enzymes effective at 20 °C, cutting wash energy use versus higher-temperature cycles.

## ORDERING INFORMATION

| CODE        | PRODUCT                          | PACK SIZE | CASE     |
|-------------|----------------------------------|-----------|----------|
| LEAF-BIO-75 | Leaf Bio Laundry Detergent Sheet | 75 sheets | 12 packs |
