LIGHTER THAN LIQUIDS

0

PLASTIC PACKAGING

12 BOTTLES OF LIQUID DETERGENT

1 SLIM BOX. 75 WASHES.

12 → 1

One box replaces a shelf of plastic. Less freight, less storage, no spills, nothing to landfill.

WHY TEAMS SWITCH

Enzyme stain removal

Powerful on stains, even at low temperatures.

Zero plastic

Plastic-free packaging. No microplastics.

Pre-dosed

1 sheet = 1 wash. No measuring, no over-dosing.

Low-temp effective

Run any cycle up to 60 °C.

HOW TO USE

1

Drop one sheet flat into the empty drum.

2

Load laundry on top.

3

Run any cycle up to 60 °C.

4

Done. No residue, no bottle.

1 box

= 75 WASHES

SHELF LIFE

Built for the people who clean at scale.

Wherever cleaning happens every day, Leaf shrinks the storeroom, cuts dosing time and ticks the sustainability targets — in one switch.

Zero plastic

100% plastic-free packaging.

Low-temp effective

Full performance from 20 °C.

No microplastics

Sheets dissolve completely.

Compact storage

Slim sheets reclaim shelf and storeroom space.

No shipped water

Up to 16x lighter freight.

No dilution guesswork

Built-in dose — less training, no dosing errors.

Try it. That's the pitch.

One sheet, one wash — the concept proves itself on the first load.

HOW TO USE

1

Drop one sheet flat into the empty drum.

2

Load laundry on top.

3

Run any cycle up to 60 °C.

4

Done. No residue, no bottle.
