PLASTIC PACKAGING

12 BOTTLES OF TOILET CLEANER

1 SLIM BOX. 30 BOTTLES.

12 → 1

One box replaces a shelf of plastic. Less freight, less storage, no spills, nothing to landfill.

## WHY TEAMS SWITCH

### Targets limescale

Formulated for bowls, rims and washroom surfaces.

### Pre-dosed

1 sheet = 750ml. No guesswork.

### No splash-back

Spray application, not thick liquid dosing.

### Zero plastic

Replaces squeeze bottles for good.

## HOW TO USE

1

Sheet into a spray bottle; fill and shake.

2

Flush first.

3

Spray under the rim and around the bowl.

4

Brush and flush.

SHELF LIFE

# Built for the people who clean at scale.

Wherever cleaning happens every day, Leaf shrinks the storeroom, cuts dosing time and ticks the sustainability targets — in one switch.

## Zero plastic

100% plastic-free packaging.

## Low-temp effective

Full performance from 20 °C.

## No microplastics

Sheets dissolve completely.

## Compact storage

Slim sheets reclaim shelf and storeroom space.

## No shipped water

Up to 16x lighter freight.

## No dilution guesswork

Built-in dose — less training, no dosing errors.

# Try it. That's the pitch.

One sheet, one bottle — the concept proves itself on the first clean.

## HOW TO USE

1

Sheet into a spray bottle; fill and shake.

2

Flush first.

3

Spray under the rim and around the bowl.

4

Brush and flush.
